4 NRRB letters posted.

The NRRB meeting went better than I expected (although I'm always a pessimist about these kinds of meetings). The Board delved into all of the complexities of the lower 8 miles and asked a lot of good questions. Their comments are due to us in about a month and then we will have work to do in responding to them and incorporating them into the FFS/Proposed Plan.

Thanks, Alice. How did the NRRB meeting go yesterday?
Also, is there anything Ana or I could be doing to facilitate finding a location in Lyndhurst for the next meeting? Please let us know, Debbie

I have posted the CAG and CPG letters to the NRRB. When you say "all four NRRB letters", do you mean that you want ICC and Baykeepers posted publicly as well?

Just so you know, I have also posted the CPG presentation slides from the Dec 6 meeting, the Summary/Action Items and TASC draft schedule of work. Sorry for the delay in posting.

Doug:

As we discussed; attached is the CPG's NRRB submission. The CPG would welcome the opportunity to share our perspectives on Region 2's FFS.

Please let Ray Germann or me know if the CAG members and you have any questions.

You did a great job maintaining control last night and it was a good meeting from the CPG's perspective.

Have a great holiday.
